Mr. Nicolas Depuydt  
Site Plant Director  
Sorrento Lactalis, Inc.  
4912 Franklin Road  
Nampa, ID 83687

Re: Reissuance of NPDES Permit No.: ID0028037 for Sorrento Lactalis, Inc.

Dear Mr. Depuydt:

We are reissuing the National Pollutant Discharge Elimination System (NPDES) permit for the facility referenced above. The enclosed document authorizes the facility to discharge pollutants from the outfalls identified in the permit to the specified receiving waters. In addition, we are enclosing the U.S. Environmental Protection Agency's response to the comments that were received on the draft permit during the public comment period.

This letter serves as service of notice under 40 CFR §124.15. The date of this letter initiates the 30-day appeal period set forth in 40 CFR §124.19(a)(3). The permit will become effective on the date indicated in the permit unless a timely appeal meeting the requirements of 40 CFR §124.19 is received by the Environmental Appeals Board (EAB). Information about the administrative appeal process may be obtained on-line at <http://www.epa.gov/eab> or by contacting the Clerk of the EAB at (202) 233-0122.

Sincerely,

  
Daniel D. Opalski, Director  
Office of Water and Watersheds
